Mr David Denham

President

Griffith Narrabundah Community Association

denham1@iinet.net.au

Dear Mr Denham

Thank you for your letter about the bus stop on Goyder Street in Narrabundah.

As part of the bus network improvements in 2019, the main stops on Goyder Street adjacent to Narrabundah College were upgraded to improve amenity and provide a connection point between rapid route 6 and local route 56. The upgrade included the completion of the footpath connection to the Azure development.

Given the proximity of the upgraded stops and improved pathway connection, the mid-block stops on Goyder Street were closed.

Considering your feedback and that from local residents, the mid-block stops are currently under investigation for reinstatement as part of future network changes.

Thank you for raising this matter. I trust this information is of assistance.

Yours sincerely

Chris Steel MLA

Minister for Transport and City Services
